PRECAUTIONS
This disc contains game software for the PSP™ (PlayStation®Portable) system. Never use this disc on any other system, as it could damage it. Read the PSP™ system Instruction Manual carefully to ensure correct usage. Do not leave the disc near heat sources or in direct sunlight or excessive moisture. Do not use cracked or deformed discs or discs that have been repaired with adhesives as this could lead to malfunction.

HEALTH WARNING
Always play in a well lit environment. Take regular breaks, 15 minutes every hour. Avoid playing when tired or suffering from lack of sleep. Some individuals are sensitive to flashing or flickering lights or geometric shapes and patterns, may have an undetected epileptic condition and may experience epileptic seizures when watching television or playing videogames. Consult your doctor before playing videogames if you have an epileptic condition and immediately should you experience any of the following symptoms whilst playing: dizziness, altered vision, muscle twitching, other involuntary movement, loss of awareness, confusion and/or convulsions.

PIRACY
The PSP™ system and this disc contain technical protection mechanisms designed to prevent the unauthorised reproduction of the copyright works present on the disc. The unauthorised use of registered trademarks or the unauthorised reproduction of copyright works by circumventing these mechanisms or otherwise is prohibited by law.

If you have any information about pirate product or methods used to circumvent our technical protection measures please email anti-piracy@eu.playstation.com or call your local Customer Service number given at the back of this manual.

PARENTAL CONTROL
This PSP™ (PlayStation®Portable) Game software has a preset Parental Control Level based on the content. You can set the Parental Control Level on the PSP™ system to restrict the playback of a PSP™ Game with a Parental Control Level that is higher than the level set on the PSP™ system. For more information, please refer to the PSP™ system Instruction Manual.

**GETTING STARTED**

**Right side view**

- \(\Delta\) - \(\times\) - \(\square\) buttons
- POWER/HOLD switch

**Front view**

- Disc cover
- DC OUT connectors
- IR port
- USB connector
- OPEN latch

**SETTING UP**

Set up the **PSP™** (PlayStation®Portable) system according to the instructions in its instruction manual. Turn the **PSP™** system on and the POWER indicator will light up green. The Home Menu will be displayed. Press the OPEN latch to open the disc cover. Insert the Untold Legends™: Brotherhood of the Blade™ disc with the label side facing the rear of the **PSP™** system and then securely close the disc cover.

Select the \(\text{Home Menu} \) icon from the Home Menu and then select the \(\text{Menu} \) icon. An image of the software will be displayed. Select the image and press the \(\times\) button to commence loading.

**MEMORY STICK DUO™**

To save game settings and progress, insert a Memory Stick Duo™ into the Memory Stick Duo™ slot of the **PSP™** system. Saved game data can be loaded from the same Memory Stick Duo™ or any Memory Stick Duo™ containing previously saved game data.

**WIRELESS (WLAN) FEATURES**

Software titles that support Wireless (WLAN) functionality allow you to communicate with other **PSP™** systems, download data and compete against other players via connection to a Wireless Local Area Network (WLAN).

**AD HOC MODE**

Ad Hoc Mode is a Wireless (WLAN) feature that allows two or more individual **PSP™** systems to communicate directly with each other.

**GAME SHARING**

Some software titles feature Game Sharing facilities which enable the user to share specific game features with other users who do not have a **PSP™** Game in their **PSP™** system.

**INFRASTRUCTURE MODE**

Infrastructure Mode is a Wireless (WLAN) feature that allows the **PSP™** system to link to a network via a Wireless (WLAN) Access Point (a device used to connect to a Wireless network). In order to access Infrastructure Mode features, several additional items are required, including a subscription to an Internet Service Provider, a network device (e.g., a Wireless ADSL Router), a Wireless (WLAN) Access Point and a PC. For further information and setting up details, please refer to the **PSP™** system Instruction Manual.
**CONTROLS**

- More Information: Up / Down with Directional buttons
- Compare Equipment: Up / Down with Directional buttons
INTRODUCTION

Unataca is an ancient planet. Hundreds of civilisations have risen and fallen upon its surface. This is the story of one such civilisation. Throughout all of their recorded history, the people have known peace and prosperity within the walls of their timeless city, Aven. High upon the plateau known only as "The Watchtower," Aven has been isolated and secure for generations. For so long have the people dwelled together in this sheltered solitude that today, only mystery and ignorance shroud the certainty of an unknown danger.

The realms beyond the Watchtower are barren and dying regions inhabited by both dangerous and powerful creatures. Aven is truly the only safe haven and the last remaining bastion of human civilisation and culture left upon a withering Unataca.

All of this is about to change....

Recently, strange occurrences have begun to haunt the people of Aven. Several prominent citizens have gone missing and innocents have fallen suddenly and mysteriously ill. Unrest and fear are beginning to prosper, but not without due reason. A dark cloud is brewing on the horizon and Aven is threatened by unknown forces that promise only oblivion.

QUICK START

1. Create a New Character
   Directional buttons or Analog Stick to select Create New Character; Press ✖ to confirm selection.

2. Select Class
   Directional buttons; ✖️ to confirm selection.

3. Select Skin Tone, Hair Style, and Hair Colour
   Directional buttons; ✖️ to confirm selections.

4. Distribute Attribute Points
   Directional buttons; ✖️ to confirm distribution.

5. Name your Character
   Directional buttons; ✖️ to select letters; ▼ to backspace; R button to Shift; Select DONE and press ✖️ when finished.

6. Select Single Player
   Directional buttons; ✖️ to confirm selection.
7. Advance Text
Press D.

8. Close Dialog
Press O.

9. Move your Character
Analog Stick.

10. Attack the Praetox Spider
Get close, face enemy, press X to attack.

11. Collect the Loot
Get close to the loot; press O to pick up.

12. Explore the Hallway
There may be more danger afoot. Watch your step!
Try pressing O to use your starting special ability.

STARTING A GAME

Welcome to Untold Legends. Before your adventure begins, you must learn the basics of navigating the screens and menus that are in the game. Use the Directional buttons to select the various menu options and press X to confirm your selection. Pressing D will step you back through the menus.

Multiplayer Games
Untold Legends is even more fun with your friends. Please see Multiplayer Games starting on page 26 for more information about hosting and joining wireless multiplayer games on your PSP™.

CREATING YOUR CHARACTER

In Untold Legends you get the opportunity to adventure as one of four character types, tailored to slightly different styles of play. Each class also has an exclusive set of special abilities that can be developed in different ways.

Knight
The knight is a champion of law, virtue, order and justice. A knight's primary role in Aven is to serve at the forefront of the protection of Aven and its people. The knight practices an ancient form of combat that has been perfected throughout the passing centuries. This combative style relies upon the usage of heavy weaponry and armour. Through relentless dedication and perfected discipline, the knight champions his tenets throughout the outer territories of Aven.

The knights of Aven belong to an elite and mysterious branch of military known as the Shaeluun Maul. The Shaeluun Maul has been regarded by the people of Aven as a stoic and constant force of vigilance and protection for countless centuries.

The knight is viewed with deep respect and silent fear by the people of Aven. The impenetrable mystery that surrounds the knights of Shaeluun Maul would warrant nothing less. However, the people trust these knights implicitly; for they have shown their unrelenting dedication to the city and its people since the beginning of Aven's history.
Alchemist

The alchemist is a scientist of incredible brilliance, extreme curiosity and little regard for the consequences of her experiments (all in the pursuit of science). They are also scholars of great renown and pursue the lost mysteries of the world with stubborn determination regardless of the incredible odds against them. The alchemist serves Aven as a source of knowledge, expertise and incredibly dangerous ability. Their relentless pursuit of the unknown often drives them to confront the dangers of the outer territories.

Alchemists employ eldritch science and its untold capabilities in their exploration of these dangerous territories. Potions of their own craft and ancient arcane scrolls are the sources of their destructive and defensive capabilities.

Alchemists are greatly respected in the city of Aven for their countless contributions to cultural progression. If it were not for this elite order of brilliant and progressive minds, Aven would likely not have survived the turmoil of its past.

Druid

Druids are dedicated preservationists who harvest the unseen powers of nature in their crusade against corruption. These fierce and stoic combatants are dedicated to obliterating the abominable corruption of the land and desire its restoration more than anything. The druids’ dedication to Aven is very strong, for they view it as the last bastion of hope and the core in their crusade.

The druid employs the corrupted forces of the natural world in order to exterminate the enemies of Aven. This corrupted force is siphoned through the druid’s own life essence, trapping the corruption forever within their own spirit. The force is then channeled as pure, natural energy that can serve to destroy the druid’s foes or give protection to his allies. Although the druid will inevitably die from the infection of corruption, they consider it a sacrifice that is both worthy and necessary to their cause.

The druid is among the oldest of Aven’s elite orders and has served the city for many eras. Druids are viewed with a grave respect by the people of Aven who consider them to be the bravest of champions and most honourable of heroes. The druids have been responsible for the continued survival of Aven and its people, having assured clean water and good crops with their many sacrifices in centuries past.
Berserker

The berserker is the embodiment of unbridled fury, force and bloodthirsty vengeance. A berserker's primary role is one of brutality and destruction. Berserkers are widely feared and distrusted for their extreme cunning and brutal force, but are nonetheless among the most important contributors to Aven's defence.

These mysterious and dangerous warriors are unique in their heightened senses and super-human strength. Berserkers employ small blades and throwing weapons in their arsenal.

Berserkers have been among Aven's populace for countless generations, but have only been accepted by the people and government in the recent century. Their origins are a mystery to all so it is a common belief that these unfortunate people are the bearers of a disease and should be treated as such. There is some truth to this speculation, as no berserker is born a berserker - they are chosen. Only those who have proven their incredible strength, perseverance and a bloodlust for vengeance are given the "gift" of the berserker.

Despite the cold sentiments of others, Berserkers are very loyal and dedicated to Aven and its people. They stalk the outer territories and obliterate the foes of Aven without mercy.

Picking your Class

Your gameplay experience will vary depending on the class you choose and how you develop your character's special abilities, so we encourage you to experiment and try several different characters.

Customising your Look

Untold Legends has several options to create a unique look for your character. As you play the game, you will also find powerful weapons and armour that will further customise your appearance.

Skin Tone, Hair Style, Hair Colour

Each character can choose among different skin tones, hair styles and hair colours. Choose your options using the Directional buttons and press X to confirm your selections. Press ○ to return to class selection.

Allocating Attribute Points

Attribute points help to determine your character's base abilities. Each class has slightly different starting attributes to represent the unique strengths and weaknesses of that class. In addition, you start the game with 10 Bonus Attribute points that you can spend to customise your character.

Allocate your Bonus Attribute points using the Directional buttons and press X to confirm your distribution. Press ○ to return to appearance selection.

The following is a list of the attributes and how they each affect gameplay:
Strength
• Increases the amount of raw damage you can do with melee weapons.
• Increases the amount of weight you can carry.

Intelligence
• Increases the overall amount of power you have.

Dexterity
• Increases the amount of raw damage you can do with ranged weapons and special abilities.

Stamina
• Increases the overall amount of health you have.

Naming your Character
You may name your character anything you like. Select letters by moving the cursor with the Directional buttons and pressing \x to confirm each letter. Press the R button to shift to uppercase letters. Use A to backspace. Select DONE and press \x to finish entering your name.

GAME SCREEN

The Game Screen consists of several elements that provide crucial game play information:

Resources
The coloured vertical bars in the upper left of your screen represent the three major resources you must manage.

- Multiplayer note:
The coloured gem below the resource bars corresponds to the colour of the ring around your character's feet. In multiplayer games, you will be able to keep track of your friends' resources, as well as your own and this colour coding will help you identify who is who.

Health (RED)
Health represents how healthy your character is. When enemies hit your character, he will lose Health. If his Health reaches zero, he will die. As you advance through the game, your character will gain more Health. Health regenerates on its own over time. Health potions and certain special abilities can dramatically increase this regeneration rate.

Power (BLUE)
Power is the energy your character spends to use special abilities. Different special abilities consume different amounts of Power. If your character does not have enough Power available, she will not be able to use her special abilities. As you advance through the game, your character will gain more Power. Power regenerates on its own over time. Power potions and certain special abilities can dramatically increase this regeneration rate.

Experience (YELLOW)
Experience shows the progress your character has made toward reaching the next level. As your character defeats enemies and solves quests, he will earn experience. When his experience bar is full, he will level up and earn more health and power as well as more Attribute and Skill points to distribute.

Mini-Map
By default, the mini-map is displayed in the upper right corner of the screen. Your character is represented on the mini-map by a coloured triangle. Holding the R button and pressing \x will increase the size of the mini-map and center it on the screen. Holding the R button and pressing \x a second time will close the mini-map.

- Multiplayer Note:
The coloured triangle on the mini-map corresponds to the colour of the ring around your character's feet. In multiplayer games, you will be able to keep track of your friends' locations, as well as your own and this colour coding will help you identify who is who.

Quick Ability Menu
Special abilities must be assigned to either the A or B button to be used. The quick ability menu allows you to quickly and easily assign special abilities to those buttons at any time.

Press and hold the Directional buttons in any direction to activate the quick ability menu. Use the Directional buttons to highlight the special ability you wish to assign and press either A or B to assign the ability to that button.
Special Ability Note:
As you advance through the game, not all of your special abilities may be accommodated by the quick ability menu at one time. See Assigning Special Abilities to the Quick Ability Menu on Page 21 for additional instructions.

CHARACTER INFORMATION SCREEN

During game play, press SELECT to view your character’s important details, such as your inventory, character sheet, quest log and special ability tree. The character screen has the following components:

Name
The name of your character is displayed here.

Paper Doll
This provides a detailed look at your character. Use the Directional buttons to rotate your character left or right.

Weight
This displays how much weight your character is carrying in relation to the maximum amount of weight she can carry.

Attribute Note:
The Strength attribute greatly affects maximum weight.

Gold
This displays how much gold your character has.

Gold Note:
Gold is used to buy equipment and items, such as health potions, from the merchant you will encounter.

Tabs
Your character’s details are separated into special tabs. The following controls work across all tabs:

- Use the R button and the L button to cycle right and left from tab to tab.
- Use the Analog Stick to move the pointer to select items on each tab and follow the on-screen instructions to perform various actions on the highlighted item.
- Use the Directional buttons to rotate your character’s Paper Doll left or right.
- Press SELECT or @ at any time to exit the character screens and return to game play.

Weapon Inventory Tab
This tab displays all of the weapons, both melee and ranged, your character currently has. Weapons increase the amount of damage your character does when attacking enemies, so it is always a good idea to equip the best weapons you can find. Items your character has equipped are highlighted in blue. Items your character class cannot equip are highlighted in red. Items your character can use in the future are highlighted in yellow. The following controls are used on this tab:

- Use the Analog Stick to move the pointer to select weapons.
- Press X to equip or unequip the selected weapon.
- Press @ to drop the selected weapon onto the ground.

Ranged Weapon Note:
You can have both a melee weapon and a ranged weapon equipped at the same time. During game play, to switch between your equipped melee and ranged weapons, hold the R button and press X.

Two-Handed Weapon Note:
Some big melee weapons require your character to use both hands to equip them. When using a two-handed weapon, he cannot equip a shield.

Dual Wield Note:
The Knight and the Berserker both have access to the Dual Wield special ability. After they acquire this special ability they can equip two single-handed melee weapons. While dual wielding, they cannot equip a shield.

Enhanced Weapons Note:
Weapons can be enhanced by combining them with components that you find. Some weapons will already be enhanced when you find them. For more information on enhanced weapons, see Enhancing Equipment with Components on page 23.
Armour Inventory Tab

This tab displays all of the armour your character currently has. Armour will lessen the damage your character takes when he is hit by enemies, so it is always a good idea to equip the best armour you can find. Items your character has equipped are highlighted in blue. Items your character can use in the future are highlighted in yellow. Items your character class cannot equip are highlighted in red. The following controls are used on this tab:

- Use the Analog Stick to move the pointer to select armour.
- Press \( \times \) to equip or unequip the selected armour.
- Press \( \Delta \) to drop the selected armour onto the ground.

Armour Locations

There are five body locations where your character can equip armour:
- **Head**: helmets, caps, etc.
- **Chest**: tunics, breastplates, etc.
- **Arms**: sleeves, arm bands, etc.
- **Legs**: pants, leggings, etc.
- **Feet**: boots, sandals, etc.

**Enhanced Armour Note:**

Armour can be enhanced by combining it with components that you find. Some armour will already be enhanced when you find it. For more information on enhanced armour see Enhancing Equipment with Components on page 23.

Shields

Characters may also equip shields to increase their ability to block. Shields are used in conjunction with single-handed melee weapons. If a character is equipped with a two-handed weapon or is dual wielding, they cannot use a shield.

**Enhanced Shield Note:**

Shields can be enhanced by combining them with components that you find. Some shields will already be enhanced when you find them. For more information on enhanced shields see Enhancing Equipment with Components on page 23.

Item Inventory Tab

This tab displays all of the non-weapon, non-armour items your character currently has, including jewellery, potions, quest items and components. The following controls are used on this tab:

- Use the Analog Stick to move the pointer to select items.
- Press \( \times \) to equip or unequip the selected item (jewellery only).
- Press \( \Delta \) to use the selected item (components only).
- Press \( \Delta \) to drop the selected item onto the ground (except quest items).

Jewellery

Characters may find and equip jewellery. Magical jewellery has the ability to increase your character's attributes and resources. Similar to armour, there are multiple locations where jewellery can be equipped.

- **Neck**: chokers, necklaces, etc.
- **Finger (x2)**: rings, bands, etc.
- **Ear**: hoops, studs, etc.

Jewellery your character has equipped is highlighted in blue.

Potions

Potions are used during gameplay. See Health and Power Potions on page 22 for more information.

Quest Items

Quest items are special items that you will acquire as you solve quests in Untold Legends. Some quest items will have special lore that is important to advancing the storyline of the game. This information will be displayed when you select a quest item and press \( \) or . Certain quest items will also enable your character to enter areas that were previously unavailable. Some quest items are not able to be dropped or sold.

Components

Components are special items that are used to enhance weapons, armour and shields. Press \( \times \) to use a component. See Enhancing Equipment with Components on page 23 for more information.
Character Sheet Tab
This tab displays lots of important information about your character including class, resources, attributes, combat ratings and resistances. The following controls are used on this tab:

- Use the Analog Stick to move the pointer to select items.
- Press \(\mathbb{C}\) for more information about the selected item.

Class
This displays your character's class as well as a brief class description. See Creating Your Character on page 8 for more detailed class information.

Health
Health represents how healthy your character is. When enemies hit your character, he will lose health. If his health reaches zero, he will die. As you advance through the game, your character will gain more health. Health regenerates on its own over time. Health potions and certain special abilities can dramatically increase this regeneration rate. See Health and Power Potions on page 22 for more information.

Power
Power is the energy your character spends to use special abilities. Different special abilities consume different amounts of power. If she does not have enough power available, she will not be able to use her special abilities. As you advance through the game, your character will gain more power. Power regenerates on its own over time. Power potions and certain special abilities can dramatically increase this regeneration rate. See Health and Power Potions on page 22 for more information.

Strength, Intelligence, Dexterity and Stamina
These are your character's attributes. They affect gameplay in several meaningful ways. Bonus attribute points are earned every time your character gains an experience level. In addition, certain magical equipment can boost these scores even higher. Please see page 13 for detailed information on how attributes affect gameplay.

Melee Damage Rating
This indicates the range of damage your character can do with his currently equipped melee weapon(s) per melee attack.

Ranged Damage Rating
This indicates the range of damage your character can do with her currently equipped ranged weapon per ranged attack.

Armour Rating
Without armour, you would suffer full damage from enemy attacks. This rating indicates how effective your currently equipped armour is at mitigating normal damage from enemies. The higher this number, the more damage is mitigated.

Fire, Cold, Lightning, Poison and Magic Ratings
Enemy attacks can also do one of five types of specialised damage. These ratings indicate your character's ability to mitigate those specialised attacks. Magical equipment and certain special abilities can dramatically boost these ratings.

Quest Log Tab
This tab will keep track of your current quests and game objectives. If you have more than one active quest, press \(\mathbb{A}\) to cycle between them.

Special Ability Tree Tab
This is a graphical display of the special abilities your class has access to. The following controls are used on this tab:

- Use the Analog Stick to move the pointer to select special abilities.
- Press \(\mathbb{X}\) to spend a point on the selected special ability (if points are available).
- Press \(\mathbb{C}\) for additional information about the selected special ability.
- Press \(\mathbb{A}\) to assign special abilities to the Quick Ability Menu.

Each ability rank has a required level that must be reached before you are able to spend points in it. Abilities at the top of the tree must be purchased before abilities below them on the tree can be acquired. Special abilities have 20 possible ranks. As you spend points to increase the rank of a special ability, you will unlock additional effects and increase the effectiveness and power of that ability.
Assigning Special Abilities to the Quick Ability Menu
Experienced characters will have more special abilities than will fit at any one time on the quick ability menu. While on the special ability tree tab, you can assign up to eight of your character's special abilities to the quick ability menu.

- Use the Analog Stick to move the pointer to select the special ability you would like to add to the quick ability menu.
- Press A to open the configuration dialog.
- Use the Directional buttons to select the desired quick ability slot for the special ability.
- Press X to assign the special ability to the selected quick ability slot.
- Press C to close the configuration dialog.
- Repeat to assign up to eight special abilities.

Playing the Game
Untold Legends is an exciting, fast-paced fantasy game of combat and quests. As your character travels across Unataca he will encounter many dangerous enemies and mysterious allies while attempting to unravel the mysteries of the past and prevent global disaster.

Attacking
There are two basic ways to attack an enemy in Untold Legends, melee and ranged. See Weapons Inventory Tab on page 16 for information on equipping weapons. To switch between melee and ranged attacks, hold the R button and press X.

Melee
Melee attacking an enemy is as easy as moving your character close to an enemy, facing them and pressing X.

Ranged
Attacking with a ranged weapon requires you to aim at an enemy and press X.

Using Special Abilities
Basic attacks will not be enough to defeat many enemies. Each class has special abilities that enable more advanced strategies.

Press A or C to use your assigned special abilities. See Quick Ability Menu on page 14 for directions on assigning special abilities.

Blocking
Hold the R button and press C to block. Blocking will lessen the damage your character suffers from enemy attacks. Characters can always block, but blocking is most effective when equipped with a shield. Be aware, monsters can block too!

- Backstabbed!
  Even while blocking, your character is completely vulnerable to attacks from the rear.

- It burns! It burns!
  Blocking is only effective against normal attacks. Fire, Cold, Lightning, Poison and Magic attacks are not mitigated by blocking; that is what your resistances are for.

Health and Power Potions
Health and Power potions will quickly regenerate your character's Health and Power. Larger potions restore more Health and Power than smaller potions. You need to manage your character's supply of potions effectively if you are going to succeed in your quest.

To use a Health potion, press the L button. To use a Power potion, hold the R button and press the L button.

Dying
When your character's health reaches zero, your character will die. Upon death, your character will be revived at the entrance of the area your character died in, or the point within the level where you last saved your game. All progress made up to the point of death, including monsters killed, experience earned and loot found will be lost.

- Multiplayer Note:
  If a character dies, they can be revived if the survivors go to any exit or teleporter. They will also be revived if the survivors Recall back to Aven. If every character in a multiplayer game is killed, they will all be revived at the entrance to the area in which they died.

Talking to NPCs
Talking to the various citizens of Aven and other characters you meet on your journeys will be vital to your success. To talk to an NPC, approach the NPC and press C. To advance the conversation, press C. To end the conversation, press C.

Buying and Selling Items
Loren Haggard, the merchant in Aven, anxiously awaits your business in Market Plaza. To initiate a transaction with Loren Haggard, approach him and press C. Use the Directional buttons or Analog Stick to select whether you would like to buy, sell or exit, then press X.
Buying Items
Use the R button, the L button, and the Analog Stick to search the merchant’s complete inventory and select an item you would like to purchase. Note the sale price in gold. To purchase the selected item, press A. The sale price will be deducted automatically from your character’s gold supply.

Selling Items
Selling items you have found that your character cannot use or no longer desires is the best way to earn lots of gold in Untold Legends. Use the R button, the L button and the Analog Stick to search your inventory for the item you wish to sell. Note the purchase price the merchant is willing to pay. To sell the selected item, press A. The purchase price will be added automatically to your character’s gold supply.

- Helpful Tip:
  Pressing up or down will compare the selected item with your currently equipped item.

Opening Chests
All the good loot is in here, so be sure to open every chest you come across. To open, approach the chest and press B.

Breaking Boxes
Some objects your character will encounter can be broken. Press X to attack the object as you would attack an enemy.

Enhancing Equipment with Components
In your adventures you will discover special items called components. Components are used to enhance your weapons, armour and shields by adding special magical effects to them.

To add a component to a piece of equipment:
- Press SELECT to access the Character Screen.
- Use the R button or the L button to select the Item Inventory Tab.
- Use the Analog Stick to move the pointer to select a component.
- Press X to use the component.
- Use the R button or the L button and the Analog Stick to select the weapon, armour or shield you wish to enhance.
- Press X to enhance the selected item.
- You may press B to cancel the enhancement.

The Recall Stone
Your character, like every Aven citizen, has in her possession a Recall Stone. This stone represents a spiritual link to the city itself, and it enables its owner to teleport instantly back to Aven. In addition, the Stone has a memory of the last location in which it was used. This enables your character to travel back and forth from Aven with relative ease. To activate the Recall Stone, press START, use the directional buttons to select Recall to Aven, and press X.

Teleporters
In several locations throughout Unataca, including Aven, there are magical teleporters that are connected to each other and can be used to rapidly travel across the world. To use a teleporter, approach it and press B. Use the directional buttons or the Analog Stick to highlight your destination, and press X to activate the teleporter, or B to cancel.

Completing Quests
There are a wide variety of quests you can perform in Untold Legends, from slaying monsters, to saving hostages, to recovering ancient artifacts. As you complete quests, your quest journal will update with information and hints on how to proceed. If you get stuck, it is always a good idea to consult your quest journal.

Leveling Up
When you earn enough experience from slaying monsters and solving quests, your character will level up. Leveling up earns your character additional Health and Power as well as bonus attribute and special ability points to distribute. After you receive a level up message, press SELECT. Use the directional buttons to distribute your bonus attribute points and press X to confirm your distribution. Special ability points may be saved and distributed at any time from the Special Ability Tree Tab, see page 20 for more information.

PAUSING THE GAME
You may pause the game at any time and access the Pause Menu by pressing START. Use the directional buttons or the Analog stick to select a menu option and press X. Pressing START or B from the Pause Menu will return you to the game.

Return to Game
Select this option to return to the game.

Recall to Aven
Select this option to use the Recall Stone. See The Recall Stone on this page for more information.
Save Game
Select this option to save your current game progress. Use the Directional buttons to select the save slot you would like to use for your saved game and press \( \times \). If there is already a game saved in that slot you will be prompted to confirm your desire to overwrite the previous save. Press \( \circ \) to cancel at any time.

**Options**
Select this option to alter the various game and technical settings of Untold Legends.

**Game Options**
- **Auto Split**
  With Auto Split on, all gold picked up in a multiplayer game is automatically divided among all players.

- **Show Damage Text**
  With this option on, your damage is indicated by floating numbers in the game view.

- **Confirm Zone Request**
  With this option on, you must hold down \( \circ \) to move from one game area to another.

- **Accept Traded Items**
  With this option on, you can receive trades from another player in a multiplayer game.

- **Mouse Speed**
  Use this option to increase or decrease the speed of the pointer on the Character Screens.

**Controller Options**
Displays the control layout for the game.

**Sound Options**
Use these to adjust the volume of the sound effects and music.

**Map**
Displays an overland map of Aven and the surrounding regions of Unataca.

**Exit**
Select this option to quit the current game and return to the main menu. All unsaved progress in your current game will be lost unless you save to a Memory Stick, so you will be prompted to confirm your desire to discard that progress and quit the game.

**MULTIPLAYER GAMES**
Untold Legends is even more fun with your friends.

**Hosting a Multiplayer Game**
To host a multiplayer game:
- From the main menu, select Create Character or Load Game and press \( \times \).
- Select Host Multiplayer and press \( \times \).
- Wait for other players to join your game.
- If you decide you do not want to host a game, press \( \circ \) to cancel.
- To kick an unwanted player from your game, select his name with the Directional buttons and press \( \circ \). Kicked players are returned to the Join Lobby.
- When ready to launch the game, press \( \times \).

**Note:** There can be a maximum of 4 players in any multiplayer game.

**Joining a Multiplayer Game**
To join a multiplayer game:
- From the main menu, select Create Character or Load Game and press \( \times \).
- Select Join Multiplayer and press \( \times \).
- Select the game you wish to join from the list and press \( \times \).
- Wait for the host to launch the game.
- If you decide you do not want to play in this game, press \( \circ \) to cancel.

**Saving a Multiplayer Game**
Just like in a single player game, you may save your progress at any time.

**Important Note:**
Quest and storyline progress is only saved for the host player.

CUSTOMER SUPPORT

CUSTOMER AND TECHNICAL SUPPORT

Online Services with Activision Forums, E-Mail and File Library Support
We advise for cost efficiency that you use our online web support.

Web Support
http://www.activision.com/support
Our support section of the web has the most up-to-date information available. We update the support pages daily so please check here first for any solutions that you require.

This service is available 24 hours a day, 7 days a week and offers a fully comprehensive list of known issues as well as providing the latest updates/patches.

TECHNICAL SUPPORT IN AUSTRALIA
In Australia, for Technical Support, Hints and Tips, please call 1902 263 555.
Calls are charged at $2.48 (inc.GST) per minute.

In NZ for Technical Support, please call 0800 160 110.

E-REG FOR AUSTRALIAN CUSTOMERS
Do you want to receive news on new games and special offers for Activision customers?

Register On-line at http://ereg.activision.com.au
Complete the registration form & help us keep you informed about Activision games. You will be notified of upcoming releases & special offers.
Note: Activision Asia-Pacific is committed to safeguarding the privacy of information entrusted to it. Accordingly, Activision complies with all relevant legislation concerning the collection, use, security and disclosure of personal information.
For Technical Support and Customer Service in areas not listed, please contact your local distributor or Activision via online. (Please note the online support is available in English only).

PRODUCT LICENCE AGREEMENT

IMPORTANT - READ CAREFULLY: YOUR USE OF THIS SOFTWARE (THE "PROGRAM") IS SUBJECT TO THE SOFTWARE LICENSE TERMS SET FORTH BELOW. THE "PROGRAM" INCLUDES ALL SOFTWARE INCLUDED WITH THIS AGREEMENT, THE ASSOCIATED MEDIA, ANY PRINTED MATERIALS, AND ANY ON-LINE OR ELECTRONIC DOCUMENTATION, AND ANY AND ALL COPIES OF SUCH SOFTWARE AND MATERIALS. BY OPENING THIS PACKAGE, INSTALLING, AND/OR USING THE PROGRAM AND ANY SOFTWARE PROGRAMS INCLUDED WITHIN THE PROGRAM, YOU ACCEPT THE TERMS OF THIS LICENSE WITH ACTIVISION, INC. ("ACTIVISION").

LIMITED USE LICENSE: Subject to the conditions described below, Activision grants you the non-exclusive, non-transferable, limited right and license to install and use one copy of the Program solely and exclusively for your personal use. All rights not specifically granted under this Agreement are reserved by Activision and, as applicable, Activision's licensors. The Program is licensed, not sold, for your use. Your license confers no title or ownership in the Program and should not be construed as a sale of any rights in the Program. All rights not specifically granted under this Agreement are reserved by Activision and, as applicable, its licensors.

LICENSE CONDITIONS
You agree not to:
- Exploit the Program or any of its parts commercially, including but not limited to use at a cyber cafe, computer gaming center or any other location-based site.
- Sell, rent, lease, license, distribute or otherwise transfer this Program, or any copies of this Program, without the express prior written consent of Activision and/or its licensors.
- Use the Program, or permit use of the Program, in a network, multi-user arrangement or remote access arrangement, including any on-line use, except as otherwise specifically provided by the Program.
- Use the Program, or permit use of the Program, on more than one PlayStation Portable ("PSP™") system at the same time.
- Make copies of the Program or any part thereof, except for back up or archival purposes, or make copies of the materials accompanying the Program.
- Copy the Program onto a hard drive or other storage device; you must run the Program from the included PSP™ Universal Media Disc (although the Program itself may automatically copy a portion of the Program onto your hard drive during installation in order to run more efficiently).
- Reverse engineer, derive source code, modify, decompile, or disassemble the Program, in whole or in part.
- Remove, disable or circumvent any proprietary notices or labels contained on or within the Program.
- Export or re-export the Program or any copy or adaptation thereof in violation of any applicable laws or regulations.
OWNERSHIP: All title, ownership rights and intellectual property rights in and to the Program and any and all copies thereof are owned by Activision or its licensors. The Program is protected by the copyright laws of the United States, international copyright treaties and conventions and other laws. The Program contains certain licensed materials and Activision’s licensors may protect their rights in the event of any violation of this Agreement. You agree not to remove, disable or circumvent any proprietary notices or labels contained on or within the Program.

ACTIVISION Limited 90-Day Warranty
Activision warrants to the original consumer purchaser of this computer software product that the recording medium on which the software Product is recorded will be free from defects in material and workmanship for 90 days from the date of purchase. If the recording medium is found defective within 90 days of original purchase, return back to the place of purchase, with receipt for refund or replacement.

This warranty is limited to the recording medium containing the software Product originally provided by ACTIVISION and is not applicable to normal wear and tear. This warranty shall not be applicable and shall be void if the defect has arisen through abuse, mistreatment, or neglect. Any implied warranties applicable to this product are limited to the 90-day period described above.

EXCEPT AS SET FORTH ABOVE, THIS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, WHETHER ORAL OR WRITTEN, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, AND NO OTHER REPRESENTATION OR CLAIMS OF ANY KIND SHALL BE BINDING ON OR OBLIGATE ACTIVISION.

If you are returning the product after the 90-day warranty period, but within one year after the date of purchase, please contact Activision on 02 9869 0955. Note: No returns will be issued unless you have contacted Activision first.

If an Activision representative advises you that your game is valid for a return, please return the original software product cartridge to:

Activision Asia Pacific, Level 5, 51 Rawson St Epping, NSW 2121, Australia and include:

1. A Photocopy of your dated sales receipt
2. Your name and return address, typed or clearly printed
3. A brief note describing the defect, the problem(s) you encountered and the system on which you are running the software product.
4. Please include a cheque or money order for AUD $18 per UMD replacement (subject to availability).

LIMITATION ON DAMAGES: In no event will Activision and/or its licensors be liable for special, incidental or consequential damages resulting from possession, use or malfunction of the Program, including damages to property, loss of goodwill, computer failure or malfunction and, to the extent permitted by law, damages for personal injuries, even if Activision and/or its licensors have been advised of the possibility of such damages. Activision's and/or its licensors' liability shall not exceed the actual price paid for the license to use this program. Some states/countries do not allow limitations on how long an implied warranty lasts and/or the exclusion or limitation of incidental or consequential damages, so the above limitations and/or exclusion or limitation of liability may not apply to you. This warranty gives you specific legal rights, and you may have other rights which vary from jurisdiction to jurisdiction.

TERMINATION: Without prejudice to any other rights of Activision and/or its licensors, this Agreement will terminate automatically if you fail to comply with its terms and conditions. In such event, you must destroy all copies of the Program and all of its component parts.

U.S. GOVERNMENT RESTRICTED RIGHTS: the Program and documentation have been developed entirely at private expense and are provided as “Commercial Computer Software” or “restricted computer software.” Use, duplication or disclosure by the U.S. Government or a U.S. Government subcontractor is subject to the restrictions set forth in subparagraph (c)(1)(ii) of the Rights in Technical Data and Computer Software clauses in DFARS 252.227-7013 or as set forth in subparagraph (c)(1) and (2) of the Commercial Computer Software Restricted Rights clauses at FAR 5.227-19, as applicable. The Contractor/Manufacturer is Activision, Inc., 3100 Ocean Park Boulevard, Santa Monica, California 90405.

INJUNCTION: Because Activision and/or its licensors would be irreparably damaged if the terms of this Agreement were not specifically enforced, you agree that Activision and/or its licensors shall be entitled, without bond, other security or proof of damages, to appropriate equitable remedies with respect to breaches of this Agreement, in addition to such other remedies as Activision and/or its licensors may otherwise have under applicable laws. Accordingly, Sony Online Entertainment Inc., as Activision’s licensor, is an intended third party beneficiary of this Agreement.

INDEMNITY: You agree to indemnify, defend and hold Activision, its partners, licensors, affiliates, contractors, officers, directors, employees and agents harmless from all damages, losses and expenses arising directly or indirectly from your acts and omissions to act in using the Product pursuant to the terms of this Agreement.

MISCELLANEOUS: This Agreement represents the complete agreement concerning this license between the parties and supersedes all prior agreements and representations between them. It may be amended only by a writing executed by both parties. If any provision of this Agreement is held to be unenforceable for any reason, such provision shall be reformulated only to the extent necessary to make it enforceable and the remaining provisions of the Agreement shall not be affected. This Agreement shall be construed under California law as such law is applied to agreements between California residents entered into and to be performed within California, except as governed by federal law and you consent to the exclusive jurisdiction of the state and federal courts in Los Angeles, California.

If you have any questions concerning this license, you may contact Activision at 3100 Ocean Park Boulevard, Santa Monica, California 90405, USA. (310) 255-2000, Attn. Business and Legal Affairs, legal@activision.com.
